

16th EUDN PhD Workshop on Development Economics

October 26-27, 2017 – Wageningen University, the Netherlands

The European Development Research Network (EUDN) PhD Workshop aims at giving PhD students in Development Economics an opportunity to present their papers in an informal environment, as well as to exchange the results of recent and ongoing research in different sub-fields of development economics. In Fall 2017, the workshop will be jointly organized by the EUDN and the Development Economics Group (DEC) of Wageningen University. The event will take place in Wageningen, the Netherlands.

Contributions from all sub-fields of development economics are welcome.

We plan for plenty of time for presentation and discussion to maximize comments and questions from the attending faculty. At this occasion, a keynote speech will be delivered a senior academic member of the EUDN network.

Important Dates

The workshop will start at **13.00** on **Thursday October 26** and end around **18.00** on **Friday October 27, 2017**. The deadline for submitting an extended abstract or (preferably) a completed paper is **August 31, 2017**. The submissions (in PDF) should be sent to mark.treurniet@wur.nl. We will not take in late submissions. Acceptance notes with further information will be sent by September 15, 2017.

Expenses

Participation in the workshop is free, but participants should cover their own travel and lodging expenses (we can help with logistics). The development economics group in Wageningen will offer a conference dinner as well as lunches and coffee breaks during the workshop.

Exceptionally, authors of accepted papers without travel funds may apply for subsidies, subject to the availability of funds, if this is indicated before August 31 (along with the submitted paper).

For further questions, or information about attending the workshop without presenting, please email to mark.treurniet@wur.nl.
